

FOSTERING THE ADOPTION OF ICT-ENABLED AMTS BY EUROPEAN SMES

2ND TRANSNATIONAL MEETING

A fruitful meeting

On the 10-11/7/19 the 2nd transnational meeting took place in Thessaloniki, Greece. The partners discussed the project's progress and future goals. Also, they took a first glimpse of the training platform and the algorithm being developed to offer personalised training.

FAME FUTURE GOALS

High-quality personalised training

During the next few months FAME partners will be working to prepare the training modules that will be delivered as part of the FAME training. A high-quality output will be maintained as all modules will be reviewed and tested internally before delivering them to SME.

WHO IS THE FAME TEAM?

Ambitious partnership

7 partners from different European countries got together for a common purpose: to boost SMEs' skills for adopting ICT-enabled Advanced Manufacturing Technologies (AMT).
